The Ex Who Wouldn't Die

Freelancer Kendall Jennings writes fluff pieces for women's magazines. When a horrific massacre occurs at Cafe Amaretto, she scores an exclusive interview with a survivor. Suddenly, she's the go-to reporter for the crime. Investigating veteran detective Lance O'Grady and his partner Trip are tasked with finalizing the open and shut case. Seven people are dead at the hands of an unprovoked killer wielding an axe. It seems simple. Then another mass killing occurs. This time, arson, and ten eldercare facility residents die in the blaze. Both killers die at the scene. The crimes have no motive, and Lance O'Grady is left wondering how evil can strike twice. Then it happens again. Even more shocking: a mother with a gun goes on a rampage at a family birthday party. The killers share one odd detail: none have a murderer's profile. No history of violence, no connection to terrorists, no vendettas. Ordinary citizens suddenly became killers. Drawn deeper inside the crime investigation, Kendall finds herself not only clashing with O'Grady but also struggling with old demons. O'Grady resents Kendall's involvement as her presence provokes memories of a personal tragedy. O'Grady and Kendall are caught in a plan greater reaching than the crimes. They just don't know it. Someone is sending a message. And unless they can decipher the meaning, very soon, many more will die. Deadly Messengers is a page-turning thriller taking readers into the minds of mass killers in all their disconcerting madness. It poses the question: Is there a killer lurking inside everyone? The answer could prove more frightening than the crimes"

'Had my heart thumping' Book Reviews by Shalini

The photo fell from her grasp at the sudden thought of her sister. She stared at it, lying on the floor, remembering little Hattie with her big dark eyes in her stripy pink-and-white shorts, the ones she was wearing on the day she disappeared. Detective Carrie Flynn has spent twenty years searching for her little sister, who was kidnapped and never found. Carrie was with Hattie on that hot summer day - she saw her sister's abductor, but she was just a young girl herself, and remembers nothing. She's never forgiven herself for letting Hattie down. When the chance came to join the police force, Carrie didn't hesitate, wanting to ensure that no more little girls grew up alone. Now she is facing her toughest case yet: Jordan Robinson, a quiet and bright young man, has disappeared by the canal on a cold winter's night. Witnesses heard a splash, but Carrie hasn't found his body. She knows the first days are vital to find a missing person, and time is running out. Jordan's family are distraught, and Carrie is determined to bring their son home. But why does the mother not want to answer questions? Who is the mysterious girl next door? What secrets are this family hiding? As Carrie searches desperately for Jordan, and digs into his past, she starts to realise his case may not be unique. Young and vulnerable men have been disappearing down by the water, their deaths labelled as suicide or accidents. When Carrie pulls out all of the old files, she is sure: Jordan Robinson has been taken by a serial killer. In a desperate race against time, Carrie vows to bring Jordan home safely, and catch this killer before he can strike again. She'll never stop searching, for the grieving families, for her belief in justice, and her hope that, one day, something she finds will lead her back to her lost little sister.
