Big Quiz Book: 1001 brain busting trivia questions (National Geographic Kids)

Big Puzzle Book

Discover 1,000 more fun, fascinating, and funny quiz questions in the latest book in this popular series, with all-new content and photos. Packed with fantastic photos and a dynamic design, kids will have a blast quizzing themselves, friends, and their families on tons of fun trivia! This compact book is just the right size to pass the time on family road trips or to take to camp and quiz fellow campers. From the Trade Paperback edition.

Test your child's mental prowess and give their brains a workout Looking to mix up your nightly conversations at the dinner table? Want to do that while still keeping it wholesome for your kids? Now, how about we insert a fun challenge that will keep the kids engaged? Playing a little trivia game is a fresh way to introduce interesting new topics and ideas to your family. From far-out facts about outer space to mouthwatering tidbits about food and drinks, fun facts inject laughter and wonder to your family discussions. Not only that, you'll get to see just how much your kids have learned so far. Learning interesting facts about a variety of different subjects arouses interest, fosters critical thinking skills, and excites kids with the feeling of wonder and discovery. The question-and-answer format also allows for a reciprocal interaction that builds connections and interpersonal relationships. And you don't have to tire yourself out trying to find some interesting facts. You'll find a comprehensive compilation right here. In The Trivia Challenge, you will discover: 300 unique questions that challenge and entertain, while expanding your child's vocabulary at the same time A surefire way of capturing your child's attention, even if they're easily distracted Intriguing facts about a diverse range of topics that will spark your kid's curiosity about the world around them An engaging activity and a rich source of conversation starters, so family time is spent bonding and interacting, instead of staring at phones Detailed illustrations that provide entertaining breaks within the pages, and maybe even some clues A creative way to teach your kids deductive reasoning through a multiple-choice format How to get your kid interested in science, geography, history, and more, without feeling like they're in school And much more. When your kids get some answers wrong, that only means they're learning something new and adding to their trove of knowledge. Even when they already know the answer and get it right, they can still gain more in-depth information through the additional facts in the answer key. Give your children the gift of general knowledge, and watch with delight at where it takes them. If you want to nourish your child's inquisitive mind with a fun activity for the whole family, then scroll up and click the "Add to Cart" button right now.

Identifies the concept of similarities and differences using such everyday objects as crayons and markers, red and green leaves, and baby and adult penguins. On board pages.
