This is a revision of a successful high-intermediate to low-advanced writing book that teaches students to write academic essays with greater fluency. This book helps students develop their academic writing skills. Using thought-provoking, authentic readings that challenge students to think critically and clearly, this widely used text guides students through the processes of reading, reflection, writing, and revision.

Discourses on Livy is the founding document of modern republicanism, and Harvey C. Mansfield and Nathan Tarcov have provided the definitive English translation of this classic work. Faithful to the original Italian text, properly attentive to Machiavelli's idiom and subtlety of thought, it is eminently readable. With a substantial introduction, extensive explanatory notes, a glossary of key words, and an annotated index, the Discourses reveals Machiavelli's radical vision of a new science of politics, a vision of "new modes and orders" that continue to shape the modern ethos. "[Machiavelli] found in Livy the means to inspire scholars for five centuries. Within the Discourses, often hidden and sometimes unintended by their author, lie the seeds of modern political thought. . . . [Mansfield and Tarcov's] translation is careful and idiomatic."—Peter Stothard, *The Times* "Translated with painstaking accuracy—but also great readability."—*Weekly Standard* "A model of contemporary scholarship and a brave effort at Machiavelli translation that allows the great Florentine to speak in his own voice."—*Choice*

Financial Accounting for BBA has been written to meet the requirements of undergraduate students, particularly at the BBA level. This book covers the syllabi of major universities across the country, providing basic knowledge of accounting principles and practices in a systematic manner. The topics have been dealt with in a lucid manner to enable better understanding, especially for those students who do not have an accounting background. The text is examination-oriented and is supplemented with relevant solved illustrations for all the topics.

New Directions is a thematic reading-writing book aimed at the most advanced learners. It prepares students for the rigors of college-level writing by having them read long, challenging, authentic readings, from a variety of genres, and by having them apply critical thinking skills as a precursor to writing. This emphasis on multiple longer readings gives New Directions its distinctive character.

Lila dreams to become a firework-maker, just like her father. In order to become a true firework-maker, she sets off alone on a perilous journey to reach the terrifying Fire-Fiend. She travels through jungles alive with crocodiles, snakes, monkeys and pirates, and climbs up the scolding volcano. On finding the Fire-Fiend, she realises more is at stake than she ever imagined. Will Lila survive?

Lila's is the kind of magical adventure that all children dream of and the gripping story of the fleet-footed heroine will live long in the memory of anyone who enters her world.

It's one giant leap for all boy-kind in Frank Cottrell Boyce's out-of-this-world story: *Cosmic*. Liam is too big for his boots. And his football strip. And his school blazer. But being super-sized height-wise has its advantages: he's the only eleven-year-old to ever ride the G-force-defying *Cosmic* rollercoaster – or to be offered the chance to drive a Porsche. Long-legged Liam makes a giant leap for boy-kind by competing with a group of adults for the chance to go into space. Is Liam the best boy for the job? Sometimes being big isn't all about being a grown-up. This edition of *Cosmic* includes bonus material and discussion questions from Frank Cottrell Boyce and features fantastic cover artwork from Steven Lenton.

His is a wry, down-to-earth, often humorous vision - a perceptive, everyman's view of life, couched in straight forward, accessible language. -Coast News

"This book argues for a broad cosmopolitan perspective that emphasizes local as well as global forms of citizenship and identification and sees human connectedness as being deeply underpinned by various accents, styles, and uses of language in everyday practices"--

Suelette Dreyfus and her co-author, WikiLeaks founder Julian Assange, tell the extraordinary true story of the computer underground, and the bizarre lives and crimes of an elite ring of international hackers who took on the establishment. Spanning three continents and a decade of high level infiltration, they created chaos amongst some of the world's biggest and most powerful organisations, including NASA and the US military. Brilliant and obsessed, many of them found themselves addicted to hacking and phreaking. Some descended into drugs and madness, others ended up in jail. As riveting as the finest detective novel and meticulously researched, *Underground* follows the hackers through their crimes, their betrayals, the hunt, raids and investigations. It is a gripping tale of the digital underground.

The Anarchist Cookbook will shock, it will disturb, it will provoke. It places in historical perspective an era when "Turn on, Burn down, Blow up" are revolutionary slogans of the day. Says the author "This book... is not written for the members of fringe political groups, such as the Weatherman, or The Minutemen. Those radical groups don't need this book. They already know everything that's in here. If the real people of America, the silent majority, are going to survive, they must educate themselves. That is the purpose of this book." In what the author considers a survival guide, there is explicit information on the uses and effects of drugs, ranging from pot to heroin to peanuts. There i detailed advice concerning electronics, sabotage, and surveillance, with data on everything from bugs to scramblers. There is a comprehensive chapter on natural, non-lethal, and lethal weapons, running the gamut from cattle prods to sub-machine guns to bows and arrows.

"A galvanizing exposé" of America's trash problem from plastic in the ocean to "wasteful packaging, bogus recycling, and flawed landfills and incinerators" (Booklist, starred review). Eat a take-out meal, buy a pair of shoes, or read a newspaper, and you're soon faced with a bewildering amount of garbage. The United States is the planet's number-one producer of trash. Each American throws out 4.5 pounds daily. But garbage is also a global problem. Today, the Pacific Ocean contains six times more plastic waste than zooplankton. How did we end up with this much rubbish, and where does it all go? Journalist and filmmaker Heather Rogers answers these questions by taking readers on a grisly and fascinating tour through the underworld of garbage. *Gone Tomorrow* excavates the history of rubbish handling from the nineteenth century to the present, pinpointing the roots of today's waste-addicted society. With a "lively authorial voice," Rogers draws connections between modern industrial production, consumer culture, and our throwaway lifestyle (New York Press). She also investigates the politics of recycling and the export of trash to poor countries, while offering a potent argument for change. "A clear-thinking and peppery writer, Rogers presents a galvanizing exposé of how we became the planet's trash monsters. . . . [Gone Tomorrow] details everything that is wrong with today's wasteful packaging, bogus recycling, and flawed landfills and incinerators. . . . Rogers exhibits black-belt precision." —Booklist, starred review

This book tells the classic story of Mary, who after losing her parents comes to live with her uncle in an English great house. When she gets there, she makes two friends: Dickon, a boy who talks with nature, and Colin, a poor boy who despite being a lord lives in isolation because of an illness. This friendship will lead to the discovery of a great secret: a forbidden garden, surrounded by walls and locked with a missing key, whose mystery goes back to a hidden accident. Decided to bring this garden back to life, Mary will join forces with her friends and walk into a path known today as a beautiful metaphor for the journey of self-awareness and awakening to the world. Written in 1911 by Frances Hodgson Burnett, a great author recognized for her success and independence, this work inspired various plays and movies and remains as vivid as the life brought out of it.
