Samantha is a stranger in her own life. Until the night she disappeared with her best friend, Cassie, everyone said Sam had it all—popularity, wealth, and a dream boyfriend. Sam has resurfaced, but she has no recollection of who she was or what happened to her that night. As she tries to piece together her life from before, she realizes it's one she no longer wants any part of. The old Sam took "mean girl" to a whole new level, and it's clear she and Cassie were more like bitter enemies. Sam is pretty sure that losing her memories is like winning the lottery. She's getting a second chance at being a better daughter, sister, and friend, and she's falling hard for Carson Ortiz, a boy who has always looked out for her—even if the old Sam treated him like trash. But Cassie is still missing, and the facts about what happened to her that night isn't just buried deep inside of Sam's memory—someone else knows, someone who wants to make sure Sam stays quiet. All Sam wants is the truth, and if she can unlock her clouded memories of that fateful night, she can finally move on. But what if not remembering is the only thing keeping Sam alive?

Holly couldn't live without her husband Gerry, until the day she had to. They were the kind of young couple who could finish each other's sentences. When Gerry succumbs to a terminal illness and dies, 30-year-old Holly is set adrift, unsure how to pick up the pieces. But with the help of a series of letters her husband left her before he died and a little nudging from an eccentric assortment of family and friends, she learns to laugh, overcome her fears, and discover a world she never knew existed.

'An irresistible page-turner that reads like the most compelling, sleep defying fiction' TIME OUT One was an architect. The other a serial killer. This is the incredible story of these two men and their realization of the Chicago World's Fair of 1893, and its amazing 'White City'; one of the wonders of the world. The architect was Daniel H. Burnham, the driving force behind the White City, the massive, visionary landscape of white buildings set in a wonderland of canals and gardens. The killer was H. H. Holmes, a handsome doctor with striking blue eyes. He used the attraction of the great fair and his own devilish charms - to lure scores of young women to their deaths. While Burnham overcame politics, infighting, personality clashes and Chicago's infamous weather to transform the swamps of Jackson Park into the greatest show on Earth, Holmes built his own edifice just west of the fairground. He called it the World's Fair Hotel. In reality it was a torture palace, a gas chamber, a crematorium. These two disparate but driven men are brought to life in this mesmerizing, murderous tale of the legendary Fair that transformed America and set it on course for the twentieth century . . .

Seth, the actor's grandson, really is rather attractive. There's growing chemistry and a definite connection between them. But how would he react if he knew she hadn't been honest with him? Lainey's not the only one with a secret, though. Seth has one of his own. And everything's about to start unravelling . . . Exposing and exploring the sinuous undercurrents of violence, anguish and love, A.L. Kennedy examines the nature of the individual, both in isolation and society, as characters define and deny their chosen identities. While showing us the unlikelihood of intimacy and the impossibility of communication, Kennedy also reveals the subversive liberation of impotence, the humour of discomfort as human beings chafe together, the crazed claustrophobia of the family and the wildly funny results of an eccentricity unleashed.

Anyone that has read *NAKED* and *BARREL FEVER*, or heard David Sedaris speaking live or on the radio will tell you that a new collection from him is cause for jubilation. His family is another inspiration. 'You Can't Kill the Rooster' is a portrait of his brother, who talks incessant hip-hop slang to his bewildered father. And no one hones a finer fury in response to such modern annoyances as restaurant meals presented in ludicrous towers of food and cashiers with six-inch fingernails.

A Novel

I put down the diary, my hands trembling. Was he addressing me directly? There could be no other explanation. After decades of silence and hurt; a life spent wondering who and where my father was. Could it be that he had been thinking about me the whole time too? Pearl Flowers lives in a fairytale cottage in the woods in France. Her life is small, strict and safe. Every day is planned: Mondays she takes the middle path through the trees, on Wednesday the right and on Fridays, her special day, she takes the long way into the village. If she makes sure to follow her routine, she can avoid thinking about the past. But then an unexpected phone call throws everything into chaos: Francis, Pearl's estranged father, has died and left her a bequest. One she can only claim if she agrees to come to his funeral and see the family she's been hiding from for so long. But when Pearl begins to read Francis's diaries, his last gift, she realizes that the truth about her father couldn't be further from what she expected. That each page is addressed to her, the daughter he loved, causes her to question everything she thought she knew about her past. Now Pearl must face the world for the first time in many years. In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).

A zany picture book that will resonate with anyone who's ever been kept waiting. The latest from the creator of the best-selling Scaredy Squirrel series stars a hilariously needy and impatient bunny. This is no ordinary picture-book character, and it will quickly become clear that this is no ordinary picture book ? namely because you, the reader, are on the spot. You're late! At first, this little bunny is deliriously excited by your arrival, but now that you're finally here, he wants to know: where were you? He's been waiting long enough to learn an accordion solo, among other time-consuming pursuits. After he's shown you how it feels to be kept waiting and just when he's finally satisfied that you're a good steady page-turner who's here to stay, something happens to turn the tables. The result is an off-beat ending worth waiting for!
