Internationally, there is a growing body of research about learners' responses to, and uses of, emerging technologies. However, the adoption of these technologies in teachers' professional development is still largely under-researched. Much of the existing literature still positions teachers as playing 'catch-up' in terms of using technology for teaching and learning in an ever expanding and changing world, and ignores the roles that these emerging technologies can play in teacher, and teacher educator, development and learning. This book aims to address the lack of research in the area,

and it contributes to the new knowledge area of how emerging technologies can effectively address professional learning, drawing on case studies and perspectives from across the world. Contributors use a wide variety of approaches to analyse the potential for emerging (and established) technologies, including digital, Web2.0, social media, and IT tools, to develop 'effective' or 'deep' professional learning for pre- and in-service teachers and teacher educators. This book was originally published as a special issue of Professional Development in Education. Using Emerging Technologies to Develop Professional Learning

--Kirkus Review "Marco is an excellent role model for kids, and this book shows that one person can indeed make a difference in the lives of others. An earnest and sometimes inspiring story of an extraordinary middle schooler.'...A millennial Ferris Bueller." Marco Polo Blackberry, a middle school

age novel, is a story of a twelve year old boy who earns enormous profits trading stocks and commodities on the Internet. Joined by pen pals from six different continents, he learns of the desperate plight of less fortunate children. Marco finds a way to help, using his wits and new wealth, all the while facing problems of his own: school bullies, authority figures and of course, girls. However it is also a story of children in war torn Africa, of marauding gangs burning and pillaging. It's a story of disease, of the lack of food,

clean water and medicine. And yet it is Marco's zany, exotic and delightfully irrepressible Auntie M. who travels the world and guides Marco with her wisdom, providing a moral voice and important principles by which to live. Spanning the globe and dealing with the universal issues of war, poverty, and sickness, Marco Polo Blackberry is a story of hope and most importantly, of the possibility of a boy changing the world, one small step at a time. For ages 3 to 5 years. With the city blanketed in a deep snow, Ryan's dad is worried about how he will get to work. However, four year old, Ryan, knows just what to do. With the help of his snow blower, snowplow, dump truck, front loader, and a train, he clears the streets so that his dad can safely get to work.

With an uncanny relevance to today's world and inspired by the life of its author, *Karl's Story*, is a WW II child refugee's tale of resilience, hope and courage as told through the narrative of her beloved teddy bear, Karl .A story perfect for all ages: read to children by parents, grandparents and teachers alike. It has been read many times to

middle elementary grades. A book to be handed down from parent to child to child for generations to come. Karl, "a very old teddy bear," has a magic gift- he can tell stories to children who are still young enough to understand toy talk . Karl's Story begins in Europe. It's about Karl, the young girl Karin, and Mimi the mind reading cat, ... how the three friends experience and survive WW II and then escape from communism to a new and hope-filled life with his beloved friend Karin .Their journey, their story, enchants children but in the sense of The Little Prince speaks timelessly to adults as well . Karl's Story tells of European refugees and is as relevant today as then. The chaos of the time turned the world of the three friends upside down, slowly at first, from no more whipped cream at birthday parties to ever more frequent

air raids, crashing bombs, and a harrowing train ride, with Karl and Mimi stuffed in Karin's old wicker trunk. In the journey Karin loses all she ever knew or loved, but goes on to rebuild her world in America. The book is categorized as Children's Fiction because of its charming cover and talking stuffed animals but is inspirational to young and old alike, and a perfect antidote in these still troubled times; this is indeed a book for all.

She wasn't trapped in a dragon guarded tower or even imprisoned by a wicked stepmother. No, her fate seemed much crueller than that. She was trapped in her own room, unable to walk and it was her own fault. To make matters worse Silory's mother treated her like a dress up doll. Her only chance to escape her reality was by reading the books her father brought her. As time went on though, she longed to see the world the books described or learn the magic spells they contained. With no handsome knight to rescue her, Silory would have to break free on her own.
