Communicating the Environment to Save the Planet

*From its first issue in April, 1970, the National Lampoon blazed like*

*a comet, defining comedy as we know it today. To create Drunk Stoned Brilliant Dead, former Lampoon illustrator Rick Meyerowitz selected the funniest material from the magazine and sought out the survivors of its first electrifying decade to gather their most revealing and outrageous stories. The result is a mind-boggling tour through the early days of an institution whose alumni left their fingerprints all over popular culture: Animal House, Caddyshack, Saturday Night Live, Ghostbusters, SCTV, Spinal Tap, In Living Color, Ren & Stimpy, The Simpsons—even Sesame Street counts a few Lamponers among its ranks. Long before there was The Onion and Comedy Central news shows, there was the National Lampoon, setting the bar in comedy impossibly high! A very similar title, differing only in the subtitle, was used for the 2015 documentary film, Drunk Stoned Brilliant Dead: The Story of the National Lampoon, for which Rick Meyerowitz designed the poster, as he also did for the 1978 film National Lampoon's Animal House. Praise for the documentary Drunk Stoned Brilliant Dead (2015): This film looks longingly back at the 1970s when a smart, tasteless joke could make you laugh out loud without worrying about hurting someone's feelings or being attacked on social media. —The New York Times It all looks like more fun than you or I will ever have in our lives, and Chevy Chase and Ivan Reitman are on hand to tell some of the stories. —Hollywood Reporter*

*Babies and toddlers will have a blast discovering the world in this first encyclopedia! Divided into themes of home, school, city, farm, ocean, mountains, and jungle, this large format board book teaches young children more than 900 words, perfectly matched with fun, clear illustrations, encouraging interactive learning between parents and their children. A spread showing a cozy living room features simple text for a door, table, sofa, vacuum, lamp, and dozens more objects. In a busy classroom, find clearly labeled desks, chairs, books, colored pencils, and anything else children might encounter at school. On a bright, sunny beach, a seagull, beach towel, sand castle, boat, and more can be found. Following each themed spread is a corresponding spread with facts and further information to introduce more advanced learning. Readers will learn that eagles are birds with large wings, that tow trucks help move cars when they're broken, and that if you go to the mountains in winter, you'll need a jacket. Little ones will build their vocabulary and stimulate their mind while enjoying colorful art. And with hundreds of people, animals, and objects to discover on its pages, kids will want to explore Baby Encyclopedia over and over again!*

*Kids will love these out-of-this-world activities to try again and again! Blastoff into space and get ready for a journey on the path to writing! This write and wipe book is the perfect primer for children*

*before they learn to write. With a focus on properly holding a writing utensil and an emphasis on pen control, the space activities in this book include tracing, connect the dots, and other activities that help children get comfortable with writing. After completing the exercises, simply erase the pen and practice again and again!*

**Using Italian Vocabulary provides the student of Italian with an in-depth, structured approach to the learning of vocabulary. It can be used for intermediate and advanced undergraduate courses, or as a supplementary manual at all levels - including elementary level - to supplement the study of vocabulary. The book is made up of twenty units covering topics that range from clothing and jewellery, to politics and environmental issues, with each unit consisting of words and phrases that have been organized thematically and according to levels so as to facilitate their acquisition. The book will enable students to acquire a comprehensive control of both concrete and abstract vocabulary allowing them to carry out essential communicative and interactional tasks. ●**

**A practical topic-based textbook that can be inserted into all types of course syllabi • Provides exercises and activities for classroom and self-study • Answers are provided for a number of exercises**

**These twelve smart and beautiful princess stories are inspired by literature and folklore from around the world. In these stunning pages, readers will meet courageous rulers, inspired artists, fearless warriors and an evil sorceress. Through thrilling tales and Simona Bursi's beautiful artwork, readers will learn about extraordinary women including Nefertari, Pocahontas, Mulan, and Isabella. You'll never think of princesses the same way again!**

**Discover the power, names, and virtues of 224 angels Angelology is a pop-illustrated encyclopedia that presents angels in way they've never been presented before--in the style of a superhero comic book. Readers will discover the names, powers, and virtues of 224 angels--from Archangel Gabriel to Zephaniel. Each of the 224 angels--including eleven archangels--are presented as celestial superheroes. Infographic-style pages outline their individual powers, virtues, and mythology. This book explores the epic battle between good and evil, human consciousness, and the journey to spiritual growth. Celestial superheroes from different religions and cultures can be found within, each one offering us protection and guidance that can be attained by merely calling their names! Angelology is for believers, the inquisitive, or superhero enthusiasts.**

**The Writers and Artists Who Made the National Lampoon Insanely Great  
Banksy**

**My First 1000 Words**

The most wide-ranging and up-to-date volume available on the enigmatic and controversial graffiti artist, this deeply researched and highly personal tribute explores how Banksy continues to defy accepted wisdom about artistic success, growing only more famous and powerful even as he sticks to his anti-establishment platform and to his mission to give a voice to the voiceless.

Accompanied by stunning full-page, full-color reproductions and photographs

of works in situ--including many that have been lost to time--photographer and street art expert Alessandra Mattanza's impassioned and informed text follows Banksy's career trajectory from creator of message-laden stencils on London's city walls to a sought-after champion of human and environmental rights. She investigates many of the key images that populate Banksy's work--animals, children, historic figures, balloons, cartoon characters, police officers, and others. She shows how Banksy's oeuvre has expanded beyond graffiti and stenciling and how his art has helped support his activism in a variety of causes--from calls for peace in the Middle East to the preservation of the natural environment. Best of all she helps readers make sense of the rather unusual path Banksy has chosen--an artist who uses his global platform to raise awareness about the underserved, rather than to his own celebrity. Readers will come away with a new understanding of how Banksy helped transform an illegal act of criminal damage into a high art form, and how, by ridiculing institutionalized art, he has achieved enormous fame within those very institutions.

The popular sales of GRAPHICS CAN BE MANAGED 1 laid a good reputation and reader foundation for the publication of GRAPHICS CAN BE MANAGED 2. The latter one still takes on the characteristics of this series, bringing you

excellent works from many artists and designers around the world, and showing the cross-border application of illustrations and graphics in various industries from a more comprehensive perspective, such as eye-catching advertising, exquisite brands, cute toys, interesting products and packaging, etc. Compared with the first volume, the second one has more information and includes richer content. If you are wondering what kind of graphic application can impress you or your customers? Take a look at GRAPHICS CAN BE MANAGED 2 and we won't let you down. If you want to know the contents in advance, pick up the phone and use QQ to scan the cover for a quick look.

Crocbits, Rabphants, and zeboses, oh my! Lift the flaps to match an animal head with a different body! Heads and Tails contains 21 animals on split pages to mix and match to create silly animal combinations. A crocodile and a rabbit becomes a "crocbit" and a moose and an elephant becomes a "moophant"! Flip the book over for more heads and tails to mix and match.

*Artists' book on the work of Carlos Amorales focusing on his persona based series Los Amorales. This book is an intellectual discourse and a concise compendium of current research in architecture and urbanism. Primarily, it is a book of readings of 16 chapters. The book brings together theories, manifestos and methodologies on contemporary architecture and urbanism to raise the understanding for the future architecture and urban planning. Overall, the book aimed to establish a bridge between theory and practice in built environment. Thus, it reports on the latest research findings and innovative approaches, methodologies for creating, assessing and understanding of contemporary built environment.*

*With the growing fragmentation of western societies and disillusionment with the political process, the question of legitimacy has become one of the key issues of contemporary politics and is examined in this volume in depth for the first time. Drawing on ethnographic material from the U.S., Europe, India, Japan, and Africa, anthropologists and legal scholars investigate the morally diversified definitions of legitimacy that co-exist in any one society. Aware of the tensions between state morality and community morality, they offer reflections on the relationship between agency - individual and collective - and the legal and political systems. In a situation in which politics has only too often degenerated into vacuous rhetoric, this volume demonstrates how critical the relationship between trust and legitimacy is for the authoritative exercise of power in democratic societies. Italo Pardo is Honorary Research Fellow at the University of Kent.*

Explore beloved television specials such as A Charlie Brown Christmas, theatrical shorts such as Santa’s Workshop, holiday episodes from animated television series like American Dad! and The Simpsons, feature films like The Nutcracker Prince and obscure productions such as The Insects’ Christmas, along with numerous adaptations and parodies of such classics as A Christmas Carol and Twas the Night before Christmas.***

***"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes***

*would not be uninteresting to the public." -an excerpt  
Jack, standing among the war graves, sees a face he recognizes. Suddenly, it's 1914 again and he's a young lad back in the trenches. Visions of killing and misery come to him with horrible clarity. But then Jack remembers too the incredible moment when the guns fell silent for a short time, and fighting gave way to football on the frozen ground of No-Man's-Land. This amazing story, based on true facts from the First World War, will transport readers back to the war fields of France and show that even in times of conflict and extreme sadness, there is always hope.*
