Military Sci-Fi Adventure Series - The Apex Trilogy chronicles the zombie apocalypse where the dead have mechs. Dead Mech: In a Post Apocalyptic far future, there is only one thing that can save the fragile civilizations humanity has cobbled together: the mechs. A ragtag crew of mech pilots must battle the undead hordes, cannibal tribes, and religious cults in a daily race to keep humanity safe. But now a threat worse than anything has surfaced and is growing stronger. The undead have reanimated in their own battle machines and created the rise of the Dead Mechs! Dead Mech is a zombie filled, post apocalyptic, military scifi, mecha action/adventure novel like no other! Reviews: "It's mechs. It's zombies. It's zombies in mechs. You already know you're going to buy it. So just get it over with." -New York Times Bestselling Author Scott Sigler "Even if you're (Like me) kinda over zombies, go get this awesome book." -John, Goodreads review "When I started this book I was already a fan of Jake Bible, but THIS book made me an even bigger fan."- Laura, Goodreads review "Giant fighting Robots + Zombies = EPIC"- Amy, Goodreads review "Suspenseful, psychotic, and artistically profane." Mason, Goodreads review The Americans: The exciting

sidequel to DEAD MECH is a hellride through Europe, Asia and beyond as American Ghost Heather Walton must save her family, her friends, and an all important cargo. The world has survived the North American zombie apocalypse, but Americans struggle to maintain their place in a world where the powers that be no longer want them. And will stop at nothing to put an end to their standing and their very existence! Reviews: "A very different book from "Dead Mech," but you still have the great characters, non-stop action, and imaginative technologies. I finished it in 2 days (work interrupted me!) And immediately downloaded the final book in the trilogy."- Beth, Goodreads review "4+ stars. All I can really say at this point that might make sense is: what the literal fudgesicle did I just read from cover to cover practically without stopping?"- Ziggy, Goodreads review "Brilliant book, I have read Jake Bibles other Apex Trilogy book - Dead Mech - and thoroughly enjoyed it, and have been waiting for the next part of the trilogy. This book did not disappoint!"- Kay, Goodreads review Metal and Ash: Will fifty foot battle mechs be enough against hundreds of thousands of techno-zombies ready to wipe everything living off the scorched map that is the wasteland? Alliances are formed and broken, mech pilots are made and murdered, secrets are revealed and agendas destroyed, and thousands of bodies fall and rise again What began in the wasteland of DEAD MECH, continued alongside in Europe and Asia in The Americans, now has its epic

She was his parole officer. He was her parolee. Their
attraction led to a forbidden love that couldn't be
given up. Not for anything. Brooke struggles with the
stress, the fear, and the recent changes in her life.
While Cole tries to figure out how to help her, protect
her, and keep himself from going back to prison in
the process. When the past continues to show up
unexpectedly, attempting to wreak havoc in their
lives, all of their truths must be laid bare, and not
only theirs. Can they fight the battles ahead, lay their
pasts to rest, and break free, together?

Berman is asked this question more than any other. Do you know why you don't know how to get published? Because nobody does. And that's why the idea of writing a book is so utterly overwhelming. There isn't a map. You're on your own. Until now. Questions For You: Do you feel destined to be one of the great writers? Are you writing a book? Are you self publishing? Are you looking for literary agents? Do you want to sell books on kindle? If a writer fails at making people fall in love with their words, none of it matters. The Complete Bullshit-Free and Totally Tested Writing Guide reveals what is needed. If your goal is to self publish, sign with a literary agent for traditional publishing, sell books on kindle or even write a captivating blog, Berman's bullshit-free new book is a required reading. A Personal Note From The Author: Get comfortable because I want to tell you something. Ready? You're extraordinary. Yes, I have the right person. You. The person reading these words right now: you're extraordinary. Regardless of how you may feel in this moment and regardless of what you may have heard in the past, you are in fact extraordinary. How do I know? Because you're a writer. And writers, the ones who write from the gut, are absolutely extraordinary. But why should you listen to what I have to say? That's a valid question. I'm obviously not Mark Twain or Ernest Hemingway. I'm just Gabe Berman. I was just another ordinary person on this planet of ours. But like you, I chose to be extraordinary. The butterfly flapped its wings. The universe was set into motion. I

wrote for the Miami Herald for eight years. My book, *Live Like a Fruit Fly-The Secret You Already Know*, was endorsed by Deepak Chopra. Look inside and I'll share what I've learned with you. "This amazing little gem of a book should be added to every author's or aspiring author's bookshelf (or Kindle) of must-read writing books. In fact, any person who plans to create anything -- writing, music, art -- can learn from Berman's book. I wish I had this practical, no-nonsense guide when I first started writing." - Rachel Thompson, three-time Kindle bestselling author, *Broken Pieces*, *Mancode: Exposed*, *A Walk In The Snark*

Bullshit is everywhere. Some of it is just lazy, some is complete nonsense, and yet some is at least trying to communicate something, even if it fails.

Bestselling author Kevin Duncan has been on a life mission to improve business language and understanding. In his latest book, he weeds out the worst offenders, and the contexts in which they most frequently occur, to provide readers with a path to clear communication. The book starts with an examination of why we seem to use so much jargon and non-sensical words and phrases in our daily working lives. Duncan then lists and analyses the 100 most popular examples of bullshit used internally and externally, their real meaning, and rates how harmless or dangerous they are. The book ends with advice on dealing with bullshitters and a manifesto to help anyone achieve clear, bullshit-free communication.

Billy Bullsh*t

If, like me, you have been in a relationship with a narcissist (whether you have realised it or not) and come out the other side, you will likely have reached a point of registering that you are in a "no win situation" before being able to remove yourself for good. Unfortunately for me, by the time I came to this conclusion I had hit rock bottom. I was financially bankrupt and ended up leaving a hotel room in a foreign country that my wife and I were staying in, with nothing more than the clothes I had on, and barely enough money to get away with. By this point I was so desperate to escape that I left without my passport, even though I was in the middle of Bangkok, because she had been keeping it from me for many years. This being just one of the methods my wife used to stop me from leaving her. Understandably, people find it hard to fathom why I did not take off earlier and waited so long to finally go. The truth is that I tried to do just that many times during the course of our four-year relationship. And as anyone that has been in a similar situation can attest, it just isn't that simple. For one thing if you truly believe, as I did, that you are in love and have found your soul mate (for want of a better word) you will do almost anything to see the relationship succeed. But the fact is that even though you are in love with this person or perhaps because of it, you

are still completely screwed. The narcissist will never change. I would even argue that they are incapable of doing so. They are simply too focused on their own needs and desires at any given time to be able to. The result is that you decide to be the one that changes and capitulates, because if you don't, then the relationship simply won't last. You reason that at some point you will have managed to morph into the person he or she proclaims to want. All the while the goal posts keep being moved further and further away, until the day one realises that no amount of changing or giving, will ever be enough to satisfy the narcissist. They will always want and need more. However this book is not a self-help book, or a how to guide. It simply tells a story that starts at the point of initial meeting with Eve the narcissist in question, and ends with an escape through the streets of Thailand. To anybody that has experienced a similar relationship many things will be very familiar, like the narcissists total lack of empathy, financial exploitation, violence, great sex and even love at times. Other things will probably be unfamiliar, like being involved in a so-called cult. Though through experience I have now come to suspect that all cult leaders must also be narcissists or perhaps some extreme narcissists also become cult leaders. Either way round they then use their natural charisma and power of persuasion over others to coral and cajole followers into not only doing their bidding, but as minions they can use to control other people even further. If I had a single wish for this tale told in first person, it would be that beyond being an entertaining story, it could perhaps help someone in a similar situation recognise the signs of abuse sooner, rather than later. And that this story be a catalyst for an earlier removal from an ultimately futile relationship.

Will fifty foot battle mechs be enough against hundreds of

In Oxford, Mississippi, three outcast teenagers seek
sanctuary in William Faulkners attic as they wreak
vengeance on the town that has shunned them.

From bestselling writer David Graeber—“a master of
opening up thought and stimulating debate” (Slate)—a
powerful argument against the rise of meaningless,
unfulfilling jobs...and their consequences. Does your job
make a meaningful contribution to the world? In the spring
of 2013, David Graeber asked this question in a playful,
provocative essay titled “On the Phenomenon of Bullshit
Jobs.” It went viral. After one million online views in
seventeen different languages, people all over the world
are still debating the answer. There are hordes of
people—HR consultants, communication coordinators,
telemarketing researchers, corporate lawyers—whose jobs
are useless, and, tragically, they know it. These people are
caught in bullshit jobs. Graeber explores one of society’s

most vexing and deeply felt concerns, indicting among other villains a particular strain of finance capitalism that betrays ideals shared by thinkers ranging from Keynes to Lincoln. "Clever and charismatic" (The New Yorker), Bullshit Jobs gives individuals, corporations, and societies permission to undergo a shift in values, placing creative and caring work at the center of our culture. This book is for everyone who wants to turn their vocation back into an avocation and "a thought-provoking examination of our working lives" (Financial Times).

The Bullshit-Free Book

For readers of The Celestine Prophecy,
this is what you've been waiting for.

Reality Check was written for everyone else who knows that we're on the verge of pushing Mother Nature and the economy to the breaking point. Reality Check shows the urgent need to reverse humanity's downward spiral by undoing the status quo. Half the book is filled with quotes from the likes of Chomsky, Sagan, Carlin, Goodall, Soros, Orwell, Asimov, Hegel, William James, Sting and the Beatles, as well as some of the most popular TV shows and movies. This

over-the-top attempt to avert an “evolutionary crash” hopes instead to turn the situation into an “evolutionary bounce” by galvanizing members of the so-called “choir” who already understand that the status quo needs to be revamped. Otherwise, civilization as we know it won’t last much longer. The book addresses everything from parenting to economics, political systems to global warming and general environmental destruction, as well as sociology, history and God. It’s time for a reality check! What are you waiting for?

Navy SEAL Lane Sutton wants to retire to the ranch his grandfather left him and battle his demons in peace. Too bad the only way to legally claim the ranch is to marry a woman from his past. A woman who once rejected his proposal and will surely be hell bent on doing so again. But this time, there’s no way Lane’s letting her—or his ranch—go without a fight.

The tragic and heartwarming saga of the Thompson Sisters has endeared readers worldwide, with more than a quarter million copies sold in six languages.

For the first time, the entire saga -- six full length novels plus two bonus novellas -- are under one cover.

Adelina Thompson, the hated matriarch and diplomatic wife who has her own tragic secrets. Meet Julia Thompson and Crank Wilson -- the star crossed couple who meet at a anti-war protest in Washington, DC. Alexandra Thompson and Dylan Paris -- can Alex restore love and help heal her war-wounded love? Carrie Thompson and Ray Sherman -- a senseless accident reveals dangerous secrets no one ever expected. The Rachel's Peril trilogy: will Andrea Thompson's secrets destroy her entire family? The Thompson Sisters A Song for Julia Just Remember to Breath The Last Hour Rachel's Peril Girl of Lies Girl of Rage Girl of Vengeance Bonus novellas: Falling Stars A View From Forever This anthology will only be available for 14 days.

A practical, step-by-step guide to help men know themselves deeply, root out weaknesses, enhance strengths, and upgrade their experience of life So many self-help books encourage men to get in touch with their feminine side

if they truly want to embrace change. This book blows this theory out of the water, enabling men to transform themselves entirely—to find their mission; to live a life of strength, wisdom, and honor—while working with their positive masculinity instead of against it. Straight talking, down-to-earth, and humorous life coach David Wagner addresses the challenges that modern men typically face. He asks the reader to join him in a series of profound self-examination exercises and questions covering life purpose, male identity, spirituality, self-limitation, sexuality, relationships, fatherhood, and more. Every chapter offers practical advice and also includes observations and examples from David's own life as well as insights gained from the many clients and men's groups he has worked with over the years. Combining no-nonsense wisdom with brutally honest exercises, Backbone is the ultimate man's handbook to understanding himself, his purpose, his passion, and his power.

The Bullshit-Free Life

This may be the most honest book ever written about Jesus. As a veteran pastor in the United Church of Christ, Dr. Watson shares his thoughts on the timeless topic of Christology--the doctrine of Christ--with new and creative insights, informative and accessible theology, personal anecdotes, and lively wit. Nothing is off-limits in this no-holds-barred contribution to the Jesus genre. Big Jesus is not another theological "spin" on the identity and nature of Jesus of Nazareth, nor is it a sentimental fairytale for those who prefer their Christology to be served up on Sunday mornings with fluffy sheep, little children, and footprints in the sand. This book is for Christian adults with a sense of humor.

Billy Bullshit is a self-proclaimed marketing genius. In his role as 'Chief Guru of Imagineering" he only ever talks using the latest buzzwords, business idioms and bullshit phrases. Pop that in your mental microwave and see how it defrosts! We see Billy in 52 hilarious business scenarios--on a conference call, giving a speech at a conference, running a brainstorming session, etc. This ladders up the cliched business speak, takes it to the next level and knocks it out of the ballpark. Boom! Do you know someone like Billy in your office? Maybe you

even see a little bit of Billy in yourself? Either way Billy Bullshit is going to make you laugh and cringe in equal measure. And that's no bullshit.

"An under-read and engaging show-biz memoir." –The New Yorker "If I had a talent for anything, it was a talent for knowing who was talented." Mike Medavoy is a Hollywood rarity: a studio executive who, though never far from controversy, has remained well loved and respected through four decades of moviemaking. What further sets him apart is his role in bringing to the screen some of the most acclaimed Oscar-winning films of our time: Apocalypse Now, One Flew Over the Cuckoo's Nest, Amadeus, The Silence of the Lambs, Philadelphia, and Sleepless in Seattle are just some of the projects he green-lighted at United Artists, Orion, TriStar, his own Phoenix Pictures. "The ultimate lose-lose situation for a studio executive: to wind up with a commercial bomb and a bad movie." Of course, there are the box office disasters, and the films, as Medavoy says, "for which I should be shot." They, too, have a place in his fascinating memoir -- a pull-no-punches account of financial and political maneuvering, and of working with the industry's brightest star power, including Steven Spielberg, Martin Scorsese, Francis Ford Coppola, Kevin Costner, Robert De Niro, Jodie Foster, Sharon Stone, Michael Douglas, Meg Ryan, and countless others. "Putting together the elements of a film is a succession of best guesses." Medavoy speaks out on how movie studio buyouts have stymied the creative process and brought an end to the "hands-off" golden age of filmmaking. An eyewitness to Hollywood history in the

for beginners and the general audience-readers need not be math experts to read this book.

Another unique aspect of the book are the applications chapters (Ch 7, 8, and 9) that discuss applications of linear algebra to engineering, computer science, economics, chemistry, machine learning, and even quantum mechanics.

"Best-selling author Kevin Duncan presents the world's most comprehensive collection of total bullshit, diligently collected over 35 years. His incisive take on all this boardroom nonsense lifts the lid on the truth behind business vocabulary, and tells us what people are really trying to say."--Back cover.

"One of the best writers working today. Miss him at your peril." - Blake Crouch, DARK MATTER
The first book in the AFTER post-apocalyptic thriller series from an international bestselling author. For fans of post-apocalyptic, zombie, and doomsday thriller fiction. AFTER: THE SHOCK A massive solar storm erases the world's technological infrastructure and kills billions. While the remaining humans are struggling to adapt and survive, they notice that some among them have...changed. Rachel Wheeler finds herself alone in the city, where violent survivors known as "Zapheads" roam the streets, killing and destroying. Her only hope is to reach the mountains, where her grandfather, a legendary survivalist, established a compound in

preparation for Doomsday. Other survivors are fleeing the city, but Zaphheads aren't the only danger. Rogue bands of military soldiers want to impose their own order in the crumbling ruins of civilization. When Rachel discovers a 10-year-old boy, she vows to care for him even if it means her own chances of escaping are lower. And the Zaphheads that were once simple to evade are evolving, developing communal skills even as they lay waste to the society they will eventually replace. ----- keywords: free ebook, free book, post-apocalyptic thriller, dystopian dark fantasy, horror books, action, adventure, free science fiction books, technological, technothriller, zombie fiction, survival horror, dystopian suspense, military thrillers, end times fiction, solar storms, Max Brooks, Walking Dead, World War Z, Stephen King, mutant zombies, EMP, Andy Weir, mutants, Hugh Howey, Edward W. The taboo subject of openly refuting free will is now finally out of the closet. Do we as human beings have the ability to make our own decisions in all matters of life? Is it left up to you and me to decide how our lives will be lived or is it up to God (the entirety of the universe)? We either have free will" or we dont. Many people love to say they have a little free will. A little free will means you do in fact believe in free will. This is a black or white issue. You either have free will or you dont. We cannot have two truths fighting against each other; if two truths do fight against each other then what you have is not truth. There can only be one truth in this matter and its about time to understand that Free Will" Is The Ultimate in Nonsense. By reading this bold and daring little book, you will quickly learn why the belief in "free will" is The Ultimate in Nonsense. This book along with The Newer Testament can prove and persuade you to the truth that free will doesnt exist. This book can also show you how a planet without free will is actually a better and more compassionate planet to live on. Enel Vale went to Emory University and received his masters from Fordham University. He is also a member of Mensa (the top 2% IQ society). He is the host of the "No Free Will" tv show in Manhattan, NY. This brilliant biography of the cult guitar player makes you forget everything you think you know about jazz improvisation, post punk and the avant-garde Derek Bailey was at the top of his profession as a dance-band and record-session guitarist when, in the early 1960s, he began playing an uncompromisingly abstract music. As the Joseph Holbrooke Trio, with bassist Gavin Bryars and drummer Tony Oxley, Bailey forged a musical syntax which has since operated as

an international counter to the banality of commercialism. Refusing to be labeled a "jazz" guitarist, Bailey has collaborated with performance artists, electronic experimentalists, classical musicians, Zen dancers, tap dancers, rock stars, jazzers, poets, weirdos and an endless stream of fiercely individual musicians. Today his anti-idiom of "Free Improvisation" has become the lingua franca of the "avant" scene, with Pat Metheny, John Zorn, David Sylvian and Sonic Youth's Thurston Moore amongst his admirers. Derek Bailey and the Story of Free Improvisation lifts the lid on an artistic ferment which has defied every known law of the music business. Telling the story via taped interviews with Bailey and his cohorts, gig reports and album reviews (including an exhaustive discography of Bailey's vast and hard-to-track output), Ben Watson's spiky, partisan and often very funny biography argues that anyone who thought the avant-garde was dead simply forgot to listen.

Breathe and The Last Hour

Describing his personal struggle with the aging process, the author shares the trauma of receiving an AARP application, being unable to read the menu, and falling asleep at the party

Experience the complete ROYAL HEARTBREAKER series in one set - over 800 pages of sizzling, page-turning royal romance! This playboy prince is about to meet his match...but can he put his bad boy ways behind him? When I accidentally wished for my own Prince Charming, I never expected him to actually show up. But life never is as simple as making a wish—and while Prince Leopold is definitely charming, he's also cocky. And arrogant. And a huge playboy. He's everything I've promised myself I'd stay away from. So why can't I seem to resist him? Fairy tales and happily-ever-afters don't happen in real life. Not to ordinary girls like me, anyway. And certainly not with a royal bad boy who's obviously harboring a whole bunch of juicy secrets. But I can't help myself. As my life becomes entangled with Prince Leo's in ways I never could have imagined, I'm forced to wonder: could he be the hero of my dreams? Or is this cocky prince just going to break my heart? What readers are saying about ROYAL HEARTBREAKER: "I

freaking loved this story... I seriously couldn't get enough of these two, and the story line was fantastic!!" - Andrea, Amazon reviewer "This was absolutely brilliant! What a hot and sweet, dirty treat!" -Amazon reviewer "I love the characters in this book. They have strong personalities and such chemistry together." - Terry, Amazon reviewer "Funny. Tender. Sweet. Intense. A Saucy fun read." - Kris, Amazon reviewer "Loved, loved, loved this series!! I don't think I can truly describe what a wonderful story this is... It has it all!" - Amazon reviewer "I was addicted to Leo ... This is a MUST read!!!" - Amazon reviewer

New to the ROYAL HEARTBREAKERS books? Meet the wild royal siblings of Montovia! Each series contains a complete romance story and can be read on its own, but the following is the chronological order of our books: Royal Heartbreaker series (Prince Leopold + Eleanor Parker) Royal Mistake series (Prince Andrew + Victoria Simpson) Royal Arrangement series (Prince William + Princess Justine) Royal Wedding Fiasco (special bonus book) Royal Disaster series (Princess Sophia + Pax Donovan) Royal Christmas Baby (special bonus book) Royal Escape series (Prince Nicholas + Clara Weaver)

In a post-apocalyptic world ruled by

intelligent zombies, an outlaw makes a desperate attempt to save the living in this horror adventure series debut. Ten years ago, humanity lost the war for survival. Living on the brink of extinction, the remaining humans serve the undead a steady diet of cloned people called Tankbread. One man who used to hunt the zombies now works for them as a courier. And he's just been sent on a mission through the wasteland of Australia. Fighting his way into the very heart of the apocalypse is just another part of the job...until The Courier makes a shocking discovery that could finally destroy the undead threat. Along for the ride is a girl with an extraordinary secret. Her name is Else, and she's Tankbread. "A guts and glory joyride into very dark territory. Very nasty and lots of fun!" —Jonathan Maberry, New York Times-bestselling author of Dead of Night

'A necessary book for our times. But also just great fun' Saul Perlmutter, Nobel Laureate The world is

awash in bullshit, and we're drowning in it. Politicians are unconstrained by facts. Science is conducted by press release. Start-up culture elevates hype to high art. These days, calling bullshit is a noble act. Based on a popular course at the University of Washington, *Calling Bullshit* gives us the tools to see through the obfuscations, deliberate and careless, that dominate every realm of our lives. In this lively guide, biologist Carl Bergstrom and statistician Jevin West show that calling bullshit is crucial to a properly functioning social group, whether it be a circle of friends, a community of researchers, or the citizens of a nation. Through six rules of thumb, they help us recognize bullshit whenever and wherever we encounter it - even within ourselves - and explain it to a crystal-loving aunt or casually racist grandfather.

A #1 NEW YORK TIMES BESTSELLER One of the most salient features of our culture is that there is so much bullshit. Everyone knows this. Each of us contributes his share. But we tend to take the situation for granted. Most people are rather confident of their ability to recognize bullshit and to avoid being taken in by it. So the phenomenon has not aroused much deliberate concern. We have no clear understanding of what bullshit is, why there is so much of it, or what functions it serves. And we lack a conscientiously developed appreciation of what it means to us. In other words, as Harry Frankfurt writes, "we have no theory." Frankfurt, one

of the world's most influential moral philosophers, attempts to build such a theory here. With his characteristic combination of philosophical acuity, psychological insight, and wry humor, Frankfurt proceeds by exploring how bullshit and the related concept of humbug are distinct from lying. He argues that bullshitters misrepresent themselves to their audience not as liars do, that is, by deliberately making false claims about what is true. In fact, bullshit need not be untrue at all. Rather, bullshitters seek to convey a certain impression of themselves without being concerned about whether anything at all is true. They quietly change the rules governing their end of the conversation so that claims about truth and falsity are irrelevant. Frankfurt concludes that although bullshit can take many innocent forms, excessive indulgence in it can eventually undermine the practitioner's capacity to tell the truth in a way that lying does not. Liars at least acknowledge that it matters what is true. By virtue of this, Frankfurt writes, bullshit is a greater enemy of the truth than lies are.

The taboo subject of openly refuting free will is now finally out of the closet. This book represents a shorter and easier to read version of its predecessor *The Newer Testament - The Bible of Unfree Will*. In its core essence, this book is *The Newer Testament Edition Two*. Bold, daring, core-shattering, and more to the point than edition one, this work challenges

established and well-accepted truths about the freedom of man. This unique literary work is intended for anyone interested in deepening their understanding of why free will is pure nonsense and insanity -- something the entire world may soon need to discover. It's been 520 years since The New World was discovered by Columbus. The discoveries of The Newer Testament -- editions one and two will make his discoveries look inconsequential by comparison. By reading this book, you will quickly learn why the belief in free will is total, complete, utter nonsense and insanity.

Often calculus and mechanics are taught as separate subjects. It shouldn't be like that. Learning calculus without mechanics is incredibly boring. Learning mechanics without calculus is missing the point. This textbook integrates both subjects and highlights the profound connections between them. This is the deal. Give me 350 pages of your attention, and I'll teach you everything you need to know about functions, limits, derivatives, integrals, vectors, forces, and accelerations. This book is the only math book you'll need for the first semester of undergraduate studies in science. With concise, jargon-free lessons on topics in math and physics, each section covers one concept at the level required for a first-year university course. Anyone can pick up this book and become proficient in calculus and mechanics, regardless of their

mathematical background.

Software Evangelism and the Rhetoric of Morality

The Last Hour

Backbone

Calling Bullshit

Abusers don't recognise gender

How It Started

Examining the layers of meaning encoded in software and the rhetoric surrounding it, this book offers a much-needed perspective on the intersections between software, morality, and politics. In software development culture, evangelism typically denotes a rhetorical practice that aims to convert software developers, as well as non-technical lay users, from one platform to another (e.g., from the operating system Microsoft Windows to Linux). This book argues that software evangelism, like its religious counterpart, must also be understood as constructing moral and political values that extend well beyond the boundaries of the development culture. Unlike previous studies that locate such values in the effects of code in-use or in certain types of code like free and open source (FOSS) software, Maher argues that all code is meaningful beyond its technical, executable functions. To facilitate this analysis, this study builds a theory of evangelism and illustrates this theory at work in the proprietary software industry and FOSS communities. As an example of political liberalism at work at the level of code, these evangelical rhetorics of software construct competing conceptions of what is good that fall within a shared belief

in what is just. Maher illustrates how these beliefs in goodness and justice do not always execute in replicable ways, as the different ways of decoding software evangelisms in the contexts of Brazil and China reveal.

Demonstrating how software evangelisms exert a transformative force on the world, one comparable in significance to code itself, this book highlights the importance of rhetoric in even the most seemingly a-rhetorical of technical endeavors and foregrounds the crucial need for rhetorical literacy in the digital age.

Day One: A series of terrorist attacks spread a cloud of noxious gas over highly populated areas. Day Two: Higher brain function erodes in those exposed to the gas. Their bodies begin to distort, faces distending, skin sallowing, teeth elongating. Day Three: The infected disappear into the shadows, fleeing the harsh daylight which has begun to sear their flesh. Day Four: The world is DEVoured. Life isn't kind to Lance York. A full-time job has eluded him for years, his wife loathes the sight of him, his bank accounts are empty, and his wealthy father-in-law revels in his failures. After he lunges in front of a car to save a sick and disoriented woman, Lance awakens in a quarantined hospital. A devastating plague is spreading worldwide, driving those infected with it insane. Their bodies begin to mutate into horrors that have haunted mankind's nightmares for centuries. The world descends into chaos as the infected flee to the shadows, emerging at night to devour the remnants of civilization. With the help of an unlikely ally, Lance must navigate through the collapsing city of Pittsburgh, striving to escape the madness of the apocalypse that unfolds around them. Reviews for The

Hunger: “...zombie like creatures that shy away from the sun and ravage at night” “My thought was “Zombie vampires?”, but it gets worse.” “Full of interesting characters, humor, survival, and the end of the world as we know it” “Dystopian fiction with nonstop action, horror, humor, and suspense” “it creates a very realistic apocalyptic situation.” “the best free post apocalyptic fiction” “The story really gets interesting when Lance meets a sassy, strong female” “I've read several free zombie books and this is the best one” Keywords: free ebook, horror, zombies, vampires, freebie, free, post apocalyptic, free vampire books, free zombie books, free dystopian fiction, free horror books, free end of the world books, free post apocalyptic books

The dogmatic ritualistic assertion of including sociopathy as household entertainment value has created a cultural delusory mediocrity statement that has become too authoritative in pronouncement of actually unrealizing individual happiness, rather than expressing mediocrity as a fad statement.

I don't do commitment. I have my reasons. But I've discovered some guys just can't take a hint. So I've been playing a little game. Seeing just how far I can go before I send these guys running for the hills. A little bit of crazy, Keeps me a single lady. Except for this one guy who just keeps showing up. He makes me laugh. He listens. And all the crazy stuff I do doesn't bother him. In fact, I think he likes it. Which is a problem. Because if I'm not careful, I just might get used to needing someone. * * Story continues in the novel Need Me.

No one is immune to the byproducts of compulsory schooling and standardized testing. And while reform may be a worthy cause for some, it is not enough for countless others still trying to navigate the tyranny of what schooling has always been. Raising Free People argues that we need to build and work within systems truly designed for any human to learn, grow, socialize, and thrive, regardless of age, ability, background, or access to money. Families and conscious organizations across the world are healing generations of school wounds by pivoting into self-directed, intentional community-building, and Raising Free People shows you exactly how unschooling can help facilitate this process. Individual experiences influence our approach to parenting and education, so we need more than the rules, tools, and “bad adult” guilt trips found in so many parenting and education books. We need to reach behind our behaviors to seek and find our triggers; to examine and interrupt the ways that social issues such as colonization still wreak havoc on our ability to trust ourselves, let alone children. Raising Free People explores examples of the transition from school or homeschooling to unschooling, how single parents and people facing financial challenges unschool successfully, and the ways unschooling allows us to address generational trauma and unlearn the habits we mindlessly pass on to

children. In these detailed and unabashed stories and insights, Richards examines the ways that her relationships to blackness, decolonization, and healing work all combine to form relationships and enable community-healing strategies rooted in an unschooling practice. This is how millions of families center human connection, practice clear and honest communication, and raise children who do not grow up to feel that they narrowly survived their childhoods.

'The Secret' missed out on lots of things. This book takes up where the secret left off but mentions teh blessing blocker spirits like fundamentalism and humanism that like to bully people out of their dreams and desires.

"Always surprises and always entertains." - Jonathan Maberry, V-Wars A box set of four books in the bestselling AFTER post-apocalyptic thriller series The After Series: Books 0-3 When devastating solar storms wipe out the technological infrastructure and kill billions, the few survivors struggle to adapt. But some among them have changed, becoming primal and violent. But the mutants quickly evolve into something even more dangerous to the future of the human race. Rachel Wheeler and her group of friends find themselves caught between the mysterious new tribe, roving bands of scavengers, and rogue military units as they carve out a home in the new world. After #0: First Light- Prequel novella. NASA scientists warn of the possible effects of heightened solar activity, but the threat is downplayed until it's far too late. After #1: The Shock- Rachel Wheeler flees the dangers of Charlotte to seek her grandfather's remote compound in the Blue Ridge Mountains. She is joined by several other survivors as they fight back against a hostile world. After #2: The Echo- The survivors discover the mutant Zapheads are evolving by imitating human speech and behavior, but the threat of savage violence remains. After #3: Milepost 291- As Rachel and the others near her

Sometimes happily ever after isn't all it's cracked up to be... Theo Fitzcharles thought he'd put the worst behind him when he became King of Thalanía and named his two lovers, Meg Sanders and Galen Mikos, as his Consorts. Unfortunately, the realities of running a country have worn on all of them, individually and as a triad. Theo has every intention of making things right, but first he has to deal with an old enemy who's closer than anyone could have dreamed. Meg never wanted to be a princess. Now that Meg's one of two Consorts to the King of Thalanía, every time she turns around, she's making mistakes and struggling not to screw up the careful political maneuvering required for her new position. But her struggles with the new position are the least of her worries she's attacked in the palace. Now her life's in danger. Theo, Galen, and Meg must race to identify her attacker and neutralize them before they can make another attempt to hurt her. There's plenty of people who want Meg out of the palace—and at least one isn't picky about whether she's breathing or not when she goes. In THEIRS EVER AFTER,
